

# How to create a Ultranalysis<sup>®</sup> Suite 3 license on Extranet

#### **UAS3 licenses:**

- UAS3 Master;
- UAS3 Single;
- UAS3 Dealer.

#### **UAS3 Master license condition:**

- To create or assign UAS3 Single license, the customer must have a Master license first.
- You may add as many single licenses you want to any UAS3 Master licenses.

The above information is also provided when you want to add a new license.

| e user will need to activate his license. This will only work after the order confirmation   | e user will need to | activate his license. This will only work after the order | confirmati | ion |
| is a set with need to decivate his needset. This with only work after the order commutation  |                     | activate his needse. This will only work after the order  | commute    |     |

To create a UAS3 Master license, the quantity is one by default.

## No Single license without the Master one

If you try to generate a **UAS3 Single** license, Extranet will generate an error message like the following:

| Add license  |  | × 0 |
|--|--|-----|
| To create a "UAS3 Single<br>The customer must have   | " license;<br>• a Master license.  |     |

| Company      |                        |
| Contact      |                        |
| Default      | 6 months setup support |
| Extra        |                        |
| Contract no. |                        |
|              | Save Cancel            |
|              |                        |

### Upgrade

Below, all possible upgrading to UAS3 options:

- Master license (UAS1 and UAS2) → UAS3 Master
- Dealer license (UAS1 and UAS2)  $\rightarrow$  UAS3 Dealer
- Single license (UAS1 and UAS2) → UAS3 Single

Once you have selected the license to upgrade, click on upgrade.

| □ select all + add X delete A upgrade → assign Page size 20 V 4 Page 1 of 39 V |     |                  |            |                       |        |       |                                   |
|--|-----|------------------|------------|-----------------------|--------|-------|-----------------------------------|
|  | Ď   | Created on       | Serial no. | Туре                  | Active | Supp. | Assigned to                       |
| E 🗴  | 882 | 2020-09-23 18:43 | 711876120  | UAS Dynamic + Network | X      | X     | son SDT International, Murat Ünal |

Then, you will see the following screen, in which you just need to select the new type of license and save.
