- 64 bit

Modification history

Version 1.12.1412 [released on 14th of June 2017]

- Adding the SDT logo in "about" tab
- Updating references

Version 1.12.1410 [released on 8th of June 2017]

- Adding the new icon of SDT
- Updating splashcreen

Version 1.12.1230 [released on 1st of April 2015]

- Technical upgrade (.NET Framework 4.0)
- Minor improvements on license form (bugfix S/N entry, select hardware code after generation)
- Minor fix : backlight button caused virtual LCD background color conflict.
- Fix : disconnecting from and reconnecting to SDT device sometimes jittered the virtual LCD screen.

Version 1.12.922 [released on 8th of March 2013]

- Added freeze screen functionality (CTRL+F)
- Decreased window height to fit on smaller screens

Version 1.12.921 [released on 28th of February 2013]

- Screenshot capture:
  - a confirmation popup is no longer shown (instead a message is shown in the status bar)
  - SDT270 communication is no longer paused until you press CTRL+C again
- On startup, the SDT270 connection form now is automatically opened
- Better handling of communication interruptions (e.g. when unplugging the device or device driver problem), the application now properly handles the disconnect actions.
